ABSTRACT:

PURPOSE: To eliminate a sense of incompatibility when a TV receiver is not used by placing the TV receiver in a recess formed on the wall in a bathroom with the screen thereof inward of the bathroom, and blocking off the an opening of the recess with a half-mirror.

CONSTITUTION: A box 9 is fitted in a recess formed on the wall 3 of a bathroom unit, and a TV receiver 20 is placed to the inside of the recess with the screen thereof in ward of the bathroom. After that, a half-mirror 30 is mounted on an opening 10 of the box 9 through a waterproof packing 13. According to the constitution, the TV can be watched while taking a bath and, at the same time, when the TV is not used, the half-mirror 30 can function as a normal mirror, and a sense of incompatibility in the bathroom can be eliminated.
